This flagship event is organized to create a collaborative platform for bringing together academic experts across India, academia and professional bodies to promote innovation in Science and Technology. The motive of the conference is to provide the experts knowledge and inspire the young researcher. This conference is one of the platforms for exchanging the knowledge, ideas and technical skills.

OBJECTIVES:

The primary objective of the National Conference is to promote research and developmental activities in Chemical Science, Life Science, Physical Science and Mathematical Science.

- To find the scientific applications and solutions for the current problems in order to maintain the health, wealth of a nation.
- To provide the latest knowledge on the conference aligned themes.

SUB THEMES:

- Recent Developments in Botany and Zoology
- Biodiversity and its conservation
- Animal Physiology
- Advances in Biotechnology
- Agricultural Practices like Sericulture and Apiculture
- Emerging Trends in Chemical and Physical Sciences
- Drug Designing, Medicinal and Pharmaceutical Chemistry
- Synthetic Chemistry, Green Chemistry, Supramolecular Chemistry
- Luminescent Materials
- Advances in Material Science and Nanotechnology
- Solar Cells and Super Capacitor Devices
- Polymer Materials and Composites
- Theory of gravitation
- Fluid dynamics

RULES FOR CONFERENCE

- The delegates are invited to contribute the Original scientific Research papers/ abstracts for oral/poster Presentation.
- Online registration is compulsory for the Conference.
- Registration is free for conference, but for the publication of paper Rs. 1000/- will be charged for each paper and published in International Research Journal of Sciences & Engineering, an International Peer Reviewed Open Access Journal with ISSN number.

Brief Report:

Webinar on "How to Read Scientific Literature" held on 15th February 2021, the Department of Science and IQAC of Arvindbabu Deshmukh Mahavidyalaya, Bharsingi & Indian Institute of Science Education and Research (IISER) Pune, jointly organized a webinar on date 15th Feb 2021. The webinar was attended by total 85 participants, (Girls students 48, Boys students 23, Teachers 14) including undergraduate, postgraduate and teacher staff, participants from

colleges. The purpose of organising webinar was to get aware about Scientific literature, its access and reading. **Dr. Anupama Harshal W.** from Indian Institute of Science Education and Research (IISER), Pune was the invited eminent speaker for the session & the theme was “*How to Read Scientific Literature*” The session started with a welcome speech by **Dr. S.P. Gudadhe**, Head, Department of Botany, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi. The session was then taken over by **Dr. Anupama Harshal W.** In her lecture, she presented a brief perspective on how to access research articles and highlighted how to read scientific literature effectively, how to understand the diagrammatic representations, figures, how to do annotation and its importance etc. She also focuses on reading a correct research article. Meanwhile she also discussed MANAV- the Human Atlas Initiative, which is a project funded by the DBT, Govt. of India in collaboration with Persistent System, NCCS, and IISER, Pune. At the end of the talk, she invited interested students’ participants to join under MANAV- the Human Atlas Initiative to data annotated. Thereafter, the Questions- Answer session was conducted by Mr. S. R. Sinkar, Assistant professor, Department of Botany, and vote of thanks was proposed by Dr. N. M. Raut, Assistant professor and Head, Department of Zoology.

After the session, there was an online MCQ test of English Proficiency and a session-based Questionnaire test taken up by the participants. E- certificates were distributed to all the participants who had registration, who attended and took the online MCQ test.
