### Broucher-

The broucher is a two-page document with an orange background. The left page features the VSPM logo, the text 'VSPM Academy of Higher Education, Nagpur', 'ARVINDBABU DESHMUKH MAHAVIDYALAYA BHARSINGI, TAH-NARKHED, DIST-NAGPUR', and 'NAAC Re Accredited with B++ Grade (C.G.P.A. 2.81)'. Below this is a photo of laboratory glassware with the text 'IQAC and Department of Chemistry Organizing Online Intercollegiate Workshop On Water Analysis Date: 03 DECEMBER, 2021 Time: 12:00 pm'. The 'INVITATION' section addresses students and describes the workshop. The 'ABOUT THE WORKSHOP' section lists topics like water analysis importance, pH determination, and water sample analysis. The right page lists 'RULES FOR WORKSHOP' (online registration, UG students only, registration link, WhatsApp group, Zoom platform, e-certificate). It identifies the 'RESOURCE PERSON' as Dr. GAURAV PETHE, Assistant Professor at NKSM College, Karanja. The 'ORGANIZER' section lists Dr. Shrikant Thakare (IQAC Coordinator) and Dr. Prakash Pawar (Principal). The 'ORGANIZING COMMITTEE' includes Dr. Megha Raghuvanshi, Dr. Avinash Ingole, Dr. Ram Dongre, and Mr. Sampat Shingda. Registration and WhatsApp links are provided at the bottom.

## Brief Report

Department of Chemistry organized Online mode Intercollegiate Level One Day Workshop On “Water Analysis” for U.G Students . The Chief guest for this function was Dr. Gaurav Pethe, Assistant Professor, Department of Chemistry, Model College, karanja. The Principal of the college, Dr. Prakash Pawar has chair this function. Faculties of Department & more than 70 students were attended this virtual celebration program of One Day Intercollegiate Level Workshop on 3<sup>rd</sup> Dec 2021. Dr. Shrikant Thakre, Head, Department of Chemistry, has given welcome address.

In this workshop initially students are teach regarding Water Analysis Process and Steps involved in it with the help of Power Point Presentation .Practical Session organized for the student in which detail working of process of water analysis observed by students. After his very informative session, Chairperson, Dr. Prakash Pawar, Principal has given a valuable remark. The vote of thanks was given by Dr. Ram Dongre. All the participated students were awarded by E-certificate

**Report on One Day Online State Level Workshop on Bonsai Making**  
**(Session 2020-2021)**

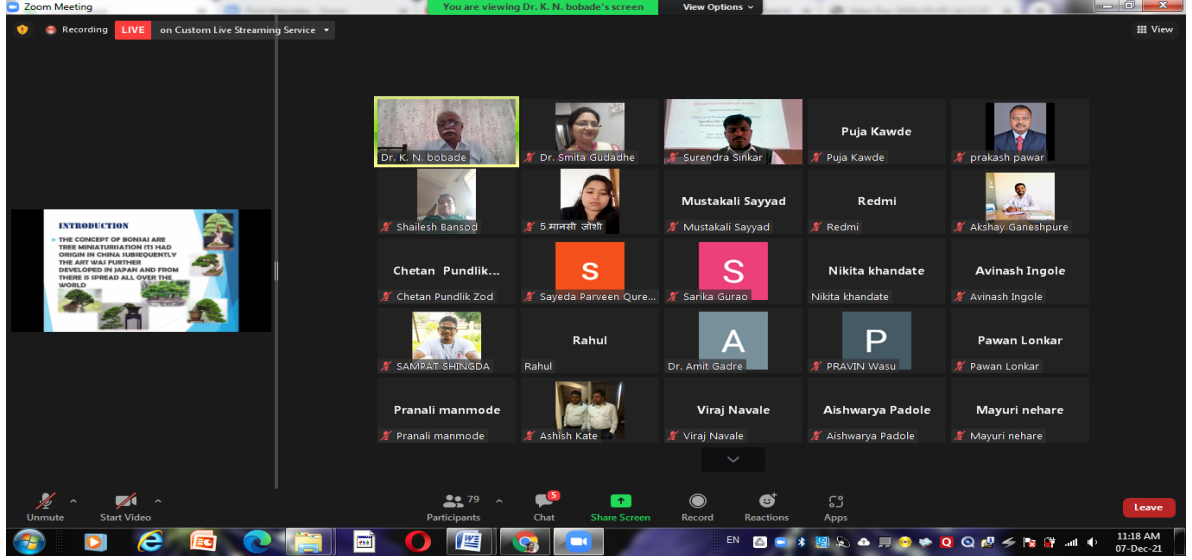

Bonsai is an art of growing and training of a plant to a miniature form having a natural look of old age. It was originated from china, but it was called as the Japanese art. It involves techniques of extreme dwarfing. The optimum size of bonsai may be only 30 to 60 cm in height, but miniature sizes of below 25 cm have also been preferred. The key is to prune the roots and the foliage so the plant remains (or is pruned) to be dwarfed. Specifically, bonsai is created from perennial woody-stemmed tree or shrub species that produces true branches and can be cultivated to remain small through pot confinement with crown and root pruning. The Department of Botany, Arvinbhabu Deshmukh Mahavidyalaya, Bharsingi organized “One Day Online State Level Workshop on Bonsai Making” on 7<sup>th</sup> December 2021. The main objective behind this organization as the syllabus concerned of Rashtra Sant Tukdoji Maharaj Nagpur University, Nagpur mentioned Unit IV as a Skill Development unit in each Paper of all semesters of B. Sc. and according to that the students have to develop various skills based on their syllabus. Therefore to motivate and to create interest of students towards their basic subject and also to develop such skills which will be helpful for their future as an earning source and their sustainable development, the Department of Botany organize such a informative and skillbased workshop for the students. Again the next objective behind this to aware the students about conservation of environment, to develop multiple saplings of ornamental as well as useful plants as a source of earning.

The Guest speaker for this workshop was Dr. Kishor Bobade, the Bonsai Expert from Central India and former President of Amravati Garden Club, Amravati who delivered the introductory lecture on “Bonsai Making and its applications”. The starting of the webinar was done with the introduction of the guest speaker was managed by the coordinator of the webinar Dr.

Smita P. Gudadhe, Assistant Professor and Head, Department of Botany. Before starting the lecture, the best wishes and regards for this webinar was given by Dr. Prakash Pawar Sir, Principal, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi. The programme was compared by Mr. Surendra R. Sinkar, Assistant Professor, Department of Botany and The Vote of thanks was given by Dr. Shailesh Bansod, Assistant Professor, Department of Botany. The lecture was very informative which was followed by the live demonstration of bonsai making which was concluded with the question –answer session with healthy discussion of guest speaker and participants of the workshop and it was conducted by Ms. Manasi Joshi, Faculty members of Department of Botany. The student participants of the institute along with other college students, faculty members and nature lovers get benefited with this workshop.

Dear Faculty member,  
Greetings from Team MANAV!

We thank you for connecting with Manav through your enrollment on our platform and/or participation in various outreach activities conducted by Team MANAV. Development of the MANAV annotation platform is close to completion and we are gearing up with the process of onboarding students and faculty for a contribution towards this National Initiative.

As a step further, towards your contribution in supporting the development of the MANAV platform, we are hosting 'MANAV Scientific Reading and Comprehension Self-Assessment Module (for students)'. We will be glad if you can become a part of this activity by becoming the Faculty Coordinator of a batch of students in your college and facilitate the administration of this module to them.

#### Aim of this activity :

- To collect general information on scientific reading practices and challenges faced in comprehending scientific literature by Indian Students.
- To help students to self-evaluate their ability to comprehend scientific literature and identify areas that need improvement.

#### About the module :

MANAV Scientific Reading and Comprehension Self-Assessment Module is a 3-part Survey cum Self-Assessment exercise.

**Part 1** (Non graded Exercise) - Will help get an overview of student's reading habits and their understanding of scientific literature.

**Part 2** (Graded exercise) - Will evaluate a student's English proficiency pertaining to scientific text.

**Part 3** (Graded exercise) - Will evaluate a student's ability to comprehend two research articles in a subject of his/her choice (Biochemistry, Microbiology, Pharmacy).

Please note that a student's OR college's performance does not in any way prevent you or your students from accessing the Manav platform later. Genuine responses from the students will contribute to making the MANAV Platform algorithms more intuitive and robust.

#### Who can participate?

Faculty members teaching Undergraduate/Postgraduate/M.Phil. or Ph.D. students can participate with their students. Faculty from the same college will have to ensure they do not take the same batch of students for the administration of the module.

#### Why should you participate?

Taking this module will help your students to train towards efficiently reading a scientific research paper and enhance their preparedness to contribute towards building the MANAV - The Human Atlas Project.

#### Certificate of participation :

All participants (faculty and students) will receive a Certificate of participation from the MANAV Human Atlas Initiative.

#### How to participate?

### **Report**

MANAV Scientific Reading and Comprehension Self-Assessment module (for Students) conducted by Project - MANAV - The Human Atlas Initiative in Collaboration with IISER Pune and NCCS Pune was held on

28<sup>th</sup>September to 11<sup>th</sup> October till 11:00 PM (IST). The staff of department of Botany, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi encouraged 10 students (B.Sc. Part III and B. Sc. Part II) to participate in this activity. For this activity Mr. Surendra R. Sinkar, Assistant professor, Department of Botany was teacher coordinator from our college. Under the guidance of teachers these students actively participated and successfully completed this activity within an allotted time frame.

**Aim of this activity:**

The students from our college participate, read and critically evaluate two scientific papers from peer-reviewed journals in the field of Microbiology/ Biochemistry / Pharmacy.

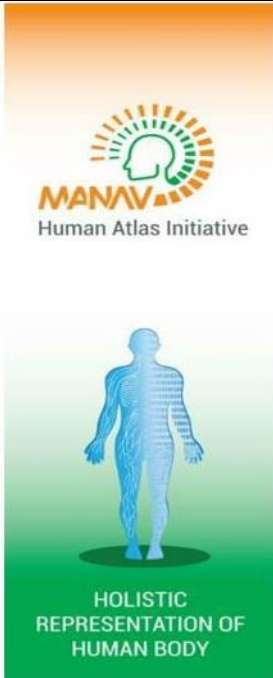

To become able to self-assess their skills in scientific comprehension of

1. Research Design
2. Pictorial/Graphical Representation of Data
3. Statistical Analyses
4. Scientific text- Inference and Conclusion

**Outcome:**

This activity helped students take a step ahead towards honing their scientific temper, critical thinking skills and overall academic excellence. Certificate of appreciation presented to our college students and teacher coordinator for participating in the MANAV Scientific Reading and Comprehension Self-Assessment module (for Students) conducted by Project -MANAV - The Human Atlas Initiative in Collaboration with IISER Pune and NCCS Pune was held on 28<sup>th</sup> September to 11<sup>th</sup> October till 11:00 PM (IST).

**(Session 2020-2021)**

The Department of Botany and Zoology, Arvinbapu Deshmukh Mahavidyalaya, Bharsingi organized “one Day Online Webinar on Fold Scope And Its Applications” on 30<sup>th</sup> October 2021 in collaboration with Department of Microbiology, Seth Kesarimal Porwal College, Kamptee, Nagpur. As its known a Foldscope can visualize tiny things like bacteria and microorganisms as well as larger samples like insects, plants, fabrics, and tissues. Foldscope can also attach to mobile phones for imaging, and it is very portable and waterproof device. Therefore it’s a need to provide the knowledge of this small device to the science students for the interesting and unstoppable research work in the field of life sciences. Therefore taking in mind this importance there was organization of such Webinar on Fold Scope And Its Applications for UG and PG students of life sciences.

The Guest speaker for this webinar was Dr. Parul Gurjar, Former Jounier Research Fellow; Indo-US DBT Foldscope Project of Government of India who delivered the lecture on “Fold Scope and Its Applications”. The starting of the webinar was done with the introduction of the guest speaker was managed by the coordinator of the webinar Mr. Surendra Sinkar, Assistant Professor, Department of Botany. Before starting the lecture, the best wishes and regards for this webinar was given by Dr. M. B. Bagade Sir, Principal, Porwal College, Kamptee and Dr. Prakash Pawar Sir, Principal, Arvinbapu Deshmukh Mahavidyalaya, Bharsingi. The programme was compared by Dr. Smita Gudadhe, Head, Department of Botany and The Vote of thanks was given by Dr. Nitin Raut, Head, Department of Zoology. The lecture was very informative which was concluded with the question –answer session with healthy discussion of guest speaker and participants of the webinar and it was conducted by Dr. Shailesh Bansod and Ms. Manasi Joshi, Faculty members of Department of Botany. The students and faculty members of Department of Botany and Zology of Arvinbapu Deshmukh Mahavidyalaya, Bharsingi and Department of Microbiology, Porwal College, Kamptee and also from different colleges get benefited with this workshop.

Department of Physics, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi organized a one day online state level workshop on Introduction to Medical physics on 22nd December 2021. Aim of this activity is to aware the students about different fields in subject physics and develop their interest about the subject. Dr. Satish Manohar Pelagade, Associate Professor & RSO, Department of Medical Physics Gujarat Cancer & Research Institute Ahmadabad was the resource person of one day online state level workshop. Topic of the workshop was “Introduction to Medical Physics”. Atomic Energy Regulatory Board (AERB), Mumbai approved Sir as a Radiological Safety Officer (RSO) since October 12, 2010.

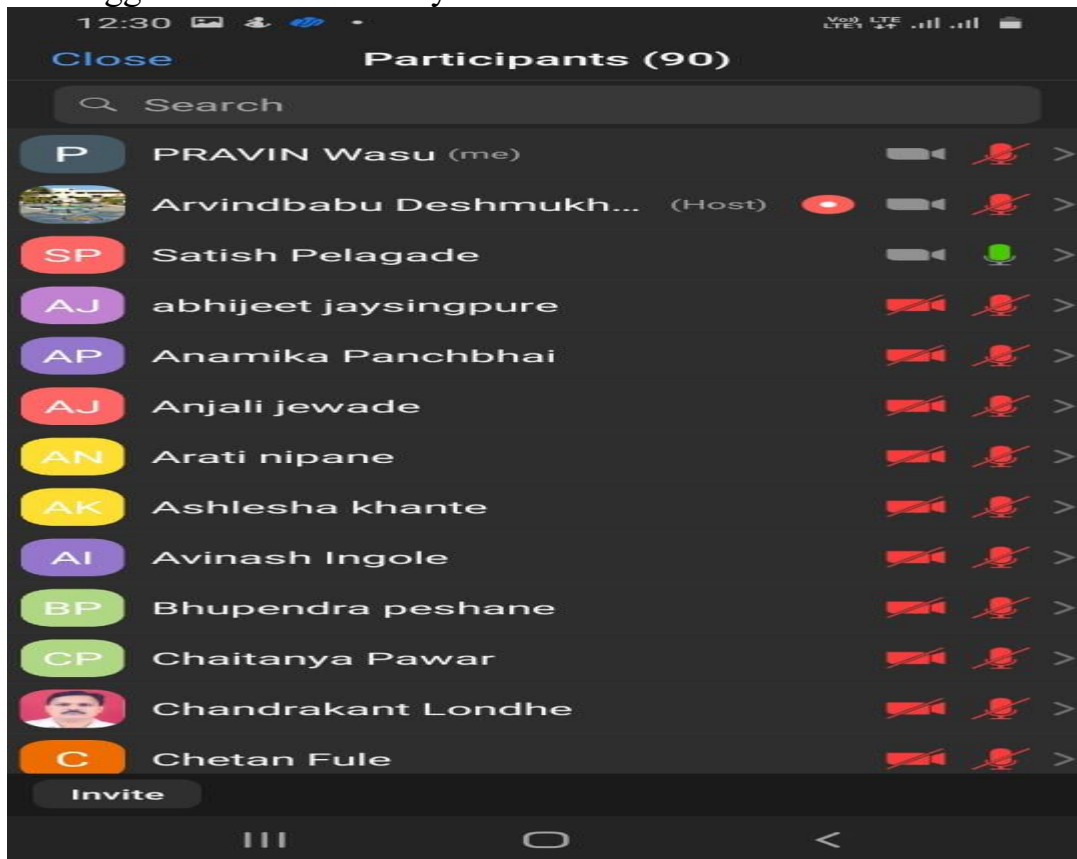

Workshop was held on zoom platform. WhatsApp group was created for the participants for the further communication.

Sir started his lecture with power point presentation. Outline of presentation was medical physics, responsibilities of medical physicist, certification, work culture, scope, M.Sc. medical physics course, facilities at center, course content and opportunities. Sir explained new field i.e. medical physics, its application, radiation therapy, diagnostic radiology and nuclear medicine. He also explained principle and working of some instrument like Bhabhatron, cyclotron which is used in medical physics. With the help of animation Sir elaborated Radixact system treating lung tumors with synchrony. Dr. Anjali R. Gharpure , Head, department of Physics welcome all participants and introduced the speaker, Dr Prakash Pawar, Principal, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi express his views for the workshop. Dr. Amit L. Gadre, Assistant Professor, Department of Physics, conducted the program and Mr. Bharat Madavi, Assistant Professor, Department of Physics expressed vote of thanks.

Student knew new field related to medical physics after attending this workshop. Students asked their queries related to medical physics and satisfied after getting proper answer from resource person. At the end of the workshop feedback was collected from participants. Total 250 students from different colleges were registered for workshop using Google form. E-certificate was provided to all participants on their registered e-mail id.

National Webinar on “Wealth creation through Management of Personal Finance” successfully held ADM Bharsingi, Dist.Nagpur

An investor awareness webinar was organised on 12.10.21 jointly by Association of Mutual Funds in India (AMFI) and Department of Economics, ArvindbabuDsh mukhMhavidhyalayaBharsingi ,Dist:Nagpur on “ Wealth creation through Management of Personal Finance ”.

The webinar was virtually inaugurated by Shri.RanjitbabuDeshmukh ,Shri.AshishbabuDeshmukh ,Shir.YuvrajChalkhor and Principal of College Prof.Dr.PrakashPawar. Session start by Welcoming of Guest by Dr.PitamberGayakwad, Introduction of Resource Person done by Mr.Vijjay Rahangdale Convener of National Webinar.Prayers Song was sang by Dr.BhavikManiyar,Dr.DadaraoUpase and Miss.Manshi Joshi.

Shri Surya Kant Sharma, Senior Consultant AMFI, who was keynote speaker in the webinar at the outset touched upon the importance of financial security of individuals. He emphasized that an investor should first think and ensure adequate life insurance, reasonable medical insurance cover and an emergency fund before embarking upon the journey of wealth creation through sustained investments which is most essential for prosperity. He then made a vehement plea for regular savings and increase of savings every year minimum by 10%. He then dealt in detail on the need for wealth creation for prosperity and emphasised that investors should not be money accumulator but wealth creator which only would make them comfortable with regard to their money needs for their milestones in life.

He then advised participants that they should look at real return and not on notional return as inflation and tax liability substantially takes away major portion of notional return. He cautioned participants that most of the investments except in governmental shames have risk but risk can be managed by simple formula – Think, understand and invest. He also emphasized the need to have financial planning of their families in

place for focused investment and also the need for practicing rule of compounding in investments for higher return in long run.

He then shared basic information on various investment avenues available in the market viz. Government/RBI bonds, corporate bonds, Government schemes (Post office schemes, PPF, NPS, SukanyaSamridhi Scheme, securities market etc. real estate, gold and securities market. All these avenues are different and have distinct features and investors should investment their hard earned money according to his/her risk apatite and time horizon of investment.

Shri Sharma cautioned general investor not to enter into securities market directly as there are inherent risks in the market and unless the investor have sound knowledge of market, sectors, economy, international economy etc. he should desist from entering into the market directly. Instead, mutual funds are the best option available for general investor wherein he/she can invest a minimum amount of Rs.500/- though Systematic Investment Plan (SIP) and built a good corpus over a period of time. He also mentioned that in mutual funds there are number of shames as per risk apatite and time horizon of investors. There is a wide spectrum of mutual funds schemes ranging from equity funds to debt funds to exchange traded funds which can be chosen by an investor as per his risk apatite and investment horizon.

At the end, he emphatically cautioned participants not to invest their hard earned money on the advice of others including agents and never never in unregulated fund mobilisation schemes – Ponzi scheme, chit funds and committeesetc. - which give assurance for higher and quick return at the beginning but ultimately vanish with the hard earned money of investors. Not so affluent class of investors are more susceptible to such allurements and we all have a social responsibility to make them aware about the menace of such schemes and impress upon them not to invest their money in such schemes. He also informed that as per a survey, investors have lost more than ten lakh crores of rupees in such unregulated fund mobilisation schemes.

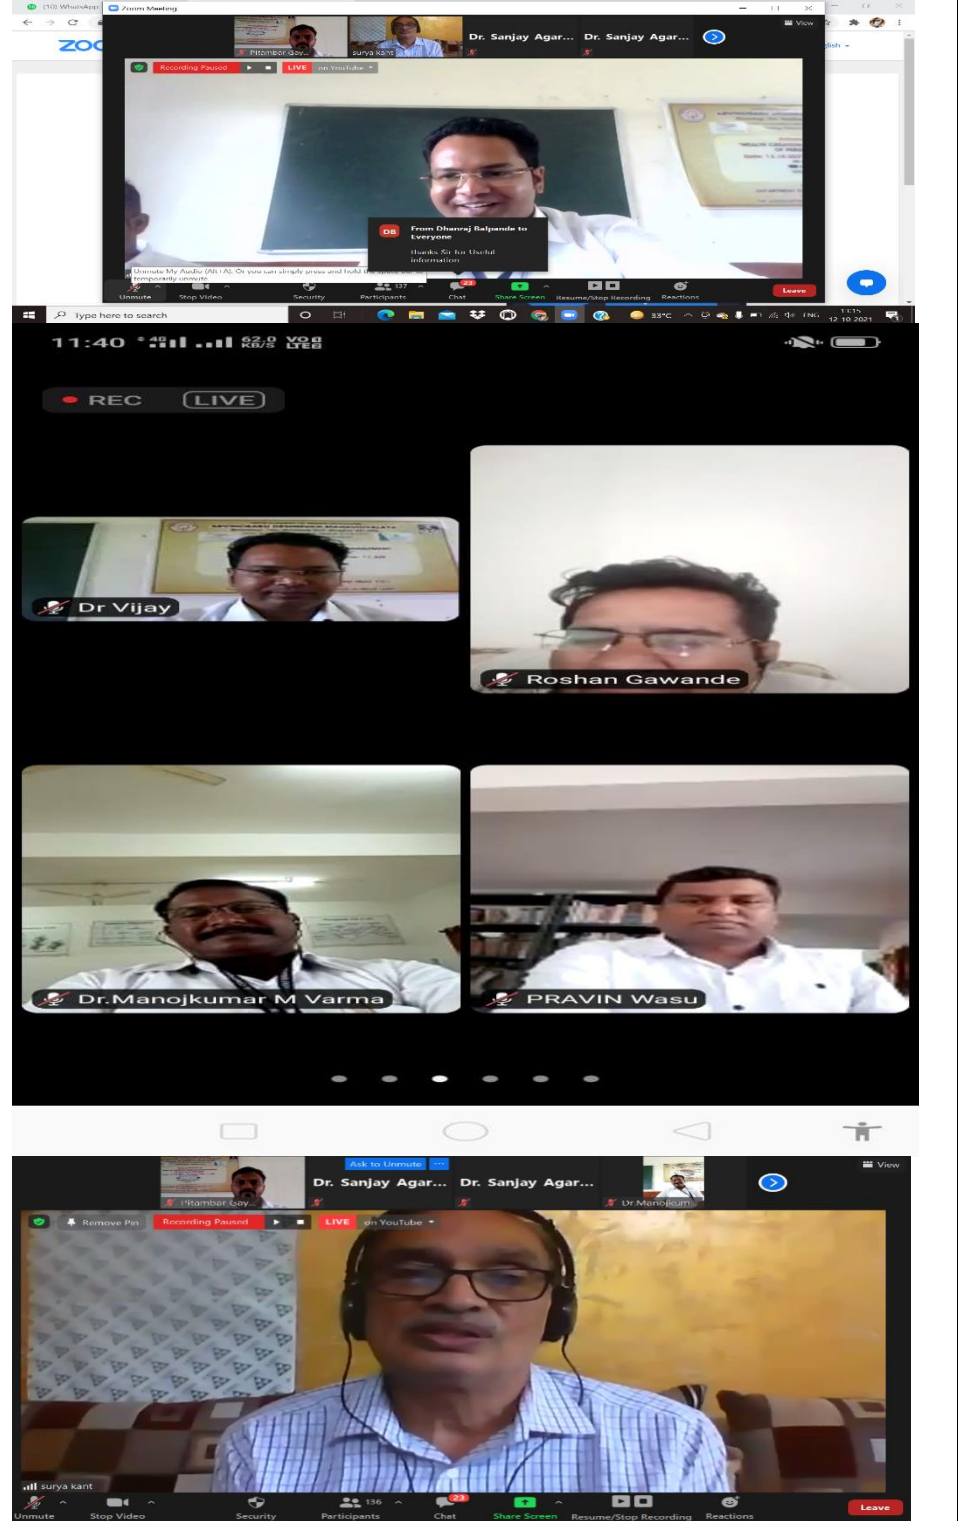

After the sessions, a question answer session was made open for the participants and participants asked lot of questions on personal finance which were satisfactorily answered by the experts.

At the end of the program Dr.ManojkumarVarma gave votes of thanks.

The participants showed keen interest in the webinar deliverables.

**Concept Note of National Webinar**

## **National Webinar on “WEALTH CREATION THROUGH MANAGEMENT OF PERSONAL FINANCE”**

The financial planning plays a key role in the financial empowerment of an individual. It not only gives reasonable comfort to an individual but also go a long way in efficiently managing its finances and meeting social and financial commitments not only during active life (service period) but also post-post-retirement phase.

Savings and Investment of individuals of an economy are the two variables by which the strength of an economy can be measured. As per International Monetary Fund World Economic Outlook (April-2015) dated June 03, 2015, the Indian economy stands at 7th place in the the world in terms of Nominal GDP and 3rd in terms of Purchase Power Parity (PPP). The corporate sector plays an important role in shaping the economy. The investment in the top 500 companies in our country by FIIs had reached 23% with the value over \$335 billion till the year 2014 as reported by Citigroup report 2015. Retail participation has come down drastically in recent decades. This leads to a situation where most of the returns were enjoyed by the FIIs rather than the Retail Investors, who show less participation indirect investment. The reason for less participation by retail investors in the markets is due to the lack of financial education among the investors. There is a need for an initiative to be taken by which retail investors can be educated as well as encouraged to make informed investment decisions in the corporate economy. New Pension scheme is another area of interest of prospective participants. Lots of doubts are there with respect to NPS. Further financial literacy plays a significant role in the calculation of human happiness index.

The the scenario developed, owing to an unprecedented and unimaginable pandemic, during the last three/four months has totally changed the dynamics of savings and investments and has put greater stress on investors not only by way of shrinkage of their investment portfolio but also uncertainly for future.

These are difficult times and we need to keep cool, stay invested, and plan meticulously for handling financial stress incoming one/two years. This is time to re-strategize not only our financial planning for passing through this difficult phase but also make prudent decisions with regard to the future.

We should be optimistic but cautious with regard to our finances and alert while making our financial decisions at this juncture.

As the statutory protector of interest of investors in the securities market, SEBI along with AMFI endeavours to educate them as “an educated investor is a protected investor”. Apart from investor education, financial education is also considered important; financial education is an important life skill, which empowers people to make sound financial decisions and take responsibility for the same.

Accordingly, SEBI’s financial education Webinars endeavours to impart participants with aa better understanding of financial products to equip them to better manage their finances.

### **Objectives:**

## National Seminar on Investment in Bharasinghi RD College \*Organized by the Department of Economics

**Katol:** The Association of Mutual Funds in India (AMFI) and the Department of Economics, Arvindbabu Deshmukh College, Bharasinghi recently hosted a national online webinar on "Wealth Creation through Personal Financial Management". The keynote speaker at this time Suryakant Sharma, Senior Consultant was AMFI Suryakant Sharma. Baminar said in the

guidance that the investor should first ensure adequate life insurance, reasonable medical insurance protection and emergency funding before embarking on the journey of wealth creation that is most essential for personal financial prosperity. He then requested regular savings and an increase in savings of at least 10% per annum. He then discussed in detail the need for wealth

creation for prosperity, emphasizing that investors can be wealth builders, not accumulators. He focused on the actual return. Inflation and tax liability take away a large portion of imaginary returns. He warned the participants that most investments except government investments have risk but the risk can be managed with a simple formula - think, understand and invest. He also stressed the need for financial planning of their families for focused investment and the need to practice compounding rules in investing for higher returns in the long run. He then gave basic information on the various ways of investing available in the market. Government / RBI Bonds, Corporate Bonds, Government Schemes (Post Office Scheme, PPF, NPS, Sukanya Samrudhi Yojana, Securities Market etc. Real

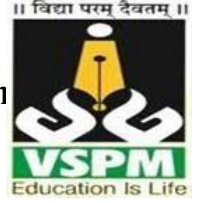

Estate, Gold and Securities Market) are all different and have different characteristics. Do not enter the securities market directly as there is inherent risk in the market and unless the investor has accurate knowledge of the market, regions, economy, international economy, etc., he should avoid entering the market directly. After Pitambar Gaikwad, Dr. Bhavib Maniar, Dr. Dadarao Upase, Ms. Mansi Joshi sang the welcome song, then the keynote speaker of the program was introduced by Vijay Rahangdale (Convener National Webinar). Finally, Dr. Manoj Kumar Verma thanked the program. More than 800 participants from different states registered for the event Arvind Babu Deshmukh College was attended by all the professors from Bharasinghi.

### Report

Department of English, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi Dist. Nagpur organized 'One-Day Online Workshop' on the topic "Story-Writing" on 28<sup>th</sup> January 2022 in Audio Visual Auditorium of the college. The resource person was Dr. Sunil Kumar Navin, Principal, Nabira Mahavidyalaya, Katol, Dist. Nagpur. The topic of the workshop is story-writing. The program was started with garlanding the image of Mahatma Gandhi who is the man of letter and singing the song "vaishnvo janato te ne kariye, tir paraye jane re." This bhajan was sung by student by music department. The guest were welcomed. Dr. Prakash Pawar, Principal, ADM, Bharsingi was on the dias as a chairperson of the workshop. Dr. Dadarao Upase, Head, department of English, Mr. Pravin wasu, Librarian and Mr. Ashish Kate, Department of English were on the dais.

The introductory speech given by Dr. D. K. Upase, he also introduced the guest to the audience. He conveyed the tradition and achievements of the college and the department of English. Dr. Sunil Kumar Navin who is the key speaker of the workshop explored his knowledge with the students about the story writing. He touched all the points which is required to the story writing. He discussed the story writing format first and the steps for how to write a story. He said that a story writing is work of fiction or imagination that is usually written in easily understandable with natural flow of speech. Story writing is mean to be read at a single sitting therefore it should be as direct and brief as possible. He said the story writing has five key elements, Character-Setting-Plot-Conflict-Theme. Character is someone or something that takes part in action depicted in story. It could be a living person, a dead person, a ghost of imaginary character etc. He also talked about the format of the story, time , place, and setting, unity of time, plot and the action etc. Dr. Navin Sir playfully handles the workshop. Many students enthusiastically interacted with him. They asked many question and sir has satisfied all the students. More than hundred students from arts, commerce and science faculty and staff member attended the program.

Certainly the students were benefited. Dr. Navin himself is the English Writer, Poet and Short-story Writer. That's why he actively taught students how to write a story.

Mr. Ashish Kate Department of English, Conducted the program, Mr. Bharat Madavi proposed vote of thanks. The program was concluded with the National Anthem. Mr. Pravin Wasu, Mr. Ashish Kate, Mr. Ajay Mangal, Ku. Pratiksha Katole and many students took pains to make this workshop success.

<b>Brief Report:-</b> The workshop on vermicomposting was held at our college by the department of Zoology on 10th December, 2021. The aim of the workshop was to increase the soil quality of the farm. It makes way for utilization of available organic wastes to produce the rich source of organic manure of high quality, which is superior to other types of organic manures in its physico-chemical and biological properties. The programme provides job opportunities for the unskilled labour force. The Participants of classes were B.A., B.Com and B.Sc. The highlight of the event was To compare the growth of geraniums in the optimal vermicompost/soil admixture to those grown in standard potting soil supplemented with chemical fertilizer. After library research, it was believed that geranium growth would vary among different vermicompost/soil admixtures, and that optimal vermicompost/soil admixture would produce better plant growth than chemical fertilizer.

## Brief Report

Stress is the reaction of our body to situations which cause turmoil, create conflicts and unhappiness thereby becoming a threat to our well being. Stress is inevitable but coping and managing stress is of utmost importance to lead a healthy and joyful life. Yoga & Music can have a profound effect on both the emotions and the body. Music can make you feel more alert and concentrate better. Upbeat music can make you feel more optimistic and positive about life. A slower tempo can quiet your mind and relax your muscles, making you feel soothed while releasing the stress of the day. Yoga & Music is effective for relaxation and stress management.
