<p>Objective of International Conference</p>	<p>Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of independence and the glorious history of its people, culture and achievements. This Mahotsav is dedicated to the people of India who have not only been instrumental in bringing India thus far in its evolutionary journey but also hold within them the power and potential to enable Prime Minister Narendra Modi's vision of activating India 2.0, fuelled by the spirit of Aatmanirbhar Bharat. The official journey of Azadi ka Amrit Mahotsav commenced on 12th March 2021 which started a 75-week countdown to our 75th anniversary of independence and will end post a year on 15th August 2023.</p> <p>The goal of the One Day Online International Multidisciplinary Conference on “Emerging Trends in Research Methodology of Arts, Humanities, Law, Commerce & Management, Pure Sciences, Applied Sciences, Library Sciences, Sports Science, & Nursing Science Hospitality, Rural Development, Engineering, Music, & Technology in Higher Education System in India” was to show how much methodologies and paradigms have changed in all fields over the past few years. Since the beginning of time, people have been doing research. Even though the goal of inquiry has always been to find the truth, the ways to do so have changed and improved over time. The process and results of scientific research and inquiry have been shaped by a number of things, such as leaps in technology and different cultural traditions. Ontology and epistemology have also changed over time, as have methodologies and paradigms. The goal of One Day Online International Multidisciplinary Conference on “Emerging Trends in Research Methodology of Arts, Humanities, Law, Commerce & Management, Pure Sciences, Applied Sciences, Library Sciences, Sports Science, & Nursing Science Hospitality, Rural Development, Engineering, Music, & Technology in Higher Education System in India” was to show how different academic fields of study and different research methods and techniques all relate to each other. As a result, an effort to change the direction of a move toward developing new methods for interdisciplinary inquiry has become a must. During the, researchers paid attention to both the qualitative and quantitative parts of their work.</p> <p>In modern social science research, there is more focus on interdisciplinary and collaborative research, technology-assisted empirical research, shorter research times in the age of "big data," and the quality and integrity of research reports, among other things. All of these things should push both experienced practitioners and new researchers to keep making more focused, high-quality research for the benefit of everyone's health, wealth, and progress.</p>

<p>Accomplishment Summery</p>	<p>One Day Online International Multidisciplinary Conference on “Emerging Trends in Research Methodology of Arts, Humanities, Law, Commerce & Management, Pure Sciences, Applied Sciences, Library Sciences, Sports Science, & Nursing Science Hospitality, Rural Development, Engineering, Music, & Technology in Higher Education System in India” was organized in a successful manner. For this One Day Online International Multidisciplinary Conference more than 1100 participants join on Telegram platform, more than 400 participant joint on what’s app group and the live presentation was made available on Zoom Platform and You Tube for all across the glob participants.</p> <p>On the 19th of June 2022, the Department of Humanities and IQAC, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi Dist: Nagpur, have organized a one-day online multidisciplinary international conference titled "Emerging Trends in Humanities, Social Sciences, Commerce & Management, Arts, Pure Sciences, Library Science, Sports, Law, Science, Nursing Science, Hospitality, Sanskrit Language, Literature & Engineering in the Higher Education System in India".</p> <p>The one-day online multidisciplinary international conference featured four invited international level professors and paper presenters from London, Dubai, Hong Kong, Nigeria, Kuwait, Thailand, and Malaysia, as well as over 200 research papers from India. The paper of research scholars was published in "Research Journey," a peer-reviewed international research journal with an E-ISSN of 2348-7143. Over 450 researchers and participants from all over the world attended the one-day online Multidisciplinary International Conference.</p> <p>The conference was chaired by the Hon’ble President of VSPM Academy of Higher Education, Nagpur, Shri Ranjeet Babu Deshmukh and Dr. Bhausaheb Bhoge, founder of VSPM Academy of Higher Education. The Conference was inaugurated by Ashishbabu Deshmukh, Working President of VSPM Academy of Higher Education, Nagpur and Ex-MLA of Katol. The chief guests for the conference were Hon’ble Dr. Sanjay S. Dudhe, Pro-vice Chancellor, R.T.M. Nagpur University, Nagpur, along with guest of honor Shri Yuvarajji Chalkhor, Secretary of VSPM Academy of Higher Education, Nagpur. The welcome address was given by Pro. Kishor Waghmare. Prof. Dr. Praksah D. Pawar, Principal, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi, gave the opening remark and principal address at the start of the conference. Prof. Vijay Rahangdale, Convener of the Conference, expressed his view regarding the theme of the conference.</p> <p>There were two technical sessions in the one-day Multidisciplinary International Conference. Prof. Dr. Abhijit Kelkar from the University of</p>

Fujairah in the United Arab Emirates gave a talk to start the first technical session. Prof. Abhijit Kelkar said that "For starters, research is evolving into a more complex, collaborative activity. Second, there is a growing focus on how academic research can be used in the real world, how it affects society, and how it can make money. Third, technology is becoming increasingly important as a tool for facilitating more complex and collaborative research across disciplines..

Dr. Janice Fernandes, Academic Support Librarian, University of West London, U.K., delivered the second lecture of the first technical session. Dr. Fernandes stated, "Humankind has been accompanied by research since its inception." While the purpose of inquiry has remained constant, namely the pursuit of the truth, the methods for discovering it have changed and evolved over time. "To name a few, technological advances and various cultural traditions have shaped the process and outcome of scientific investigation and inquiry."

Dr. Kinnarry Thakkar, HOD of Commerce, Mumbai University, Fort, Mumbai, begins the second technical session with a lecture. According to Dr. Kinnarry Thakkar, "intersections of seemingly disparate academic fields of knowledge and research methods and techniques, As a result, pivoting toward evolving methodologies for interdisciplinary inquiry has become critical."

Prof. Manoj Kumar Mishra, Professor of Economics, College of Business and Economics, Salale University, Ethiopia, delivered the second lecture of the second technical session. "Make programmes and spaces that make it easy for people who like new ideas to meet and talk about possible research topics, Cross-disciplinary research collaborations can be formed through careful demonstration and matchmaking. "Programs can be designed around specific funding opportunities for research topics to pique people's interests and provide them with the resources they need to make their dreams a reality," said Prof. Manoj Kumar Mishra.

The dignitaries also released the first volume of the souvenir of the One-Day Online Multidisciplinary International Conference. The conference was hosted on the Zoom platform and also live-streamed on Facebook so that all participants and students could access it.

Dr. Sadhana Jichkar, Dr. Dadarao Upase, Dr. Shrikant Thakare, Dr. Nitin Raut, Dr. Manoj Kumar Varma, Dr. Rajendra Ghorpade, Dr. Shailesh Bansod, Asst. Prof. Ashish Kate, Liberian- Pravin Vasu, Asst. Prof. Amit Gadre, Asst. Prof. Surendra Sinkar, and Asst actively participate in the form of the introductory remarks and the vote of thanks for dignitaries and resource persons. This conference is attended by all of the teaching and non-teaching staff, as well as online international participants.

Total one hundred and one research paper were presented by faculties and research scholar.

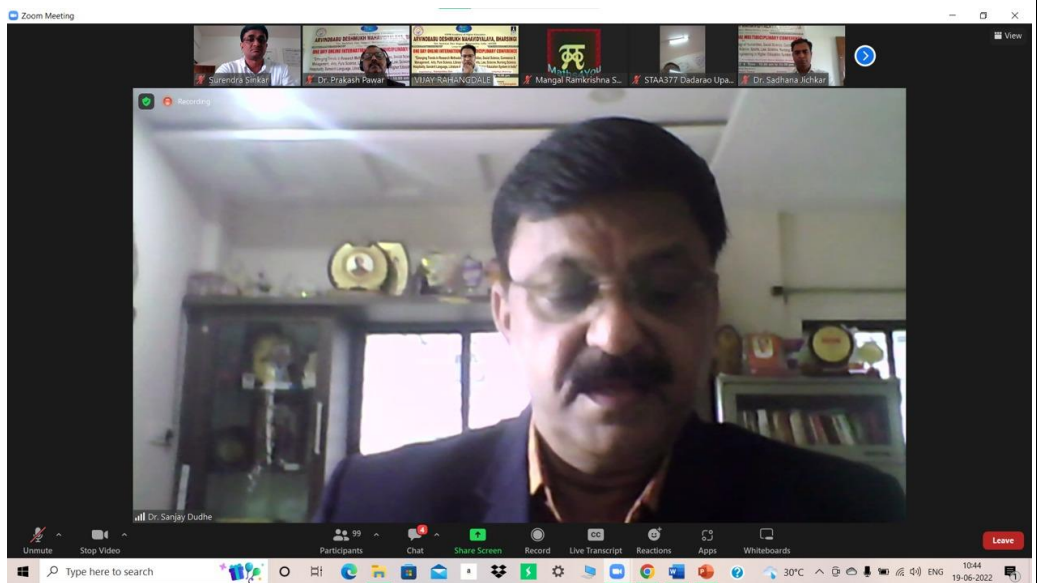

After the sessions, a question answer session was made open for the participants and participants asked lot of questions on personal finance which were satisfactorily answered by the experts. The participants showed keen interest in the webinar deliverables.

Total 101 in four volume of Research paper published in "Research Journey Peer Reviewed International Research Journal- E-ISSN 2348-7143". Impact Factor of Journal is 6.625.

Knowledge Creation & Growth: 3 Strategies for Research

Strategy:

- (1) Equipped with the Formats
- (2) Use of Statistical Tools
- (3) Possible and Feasible Scope

Action Plan: Rigorous Study of Research Methodology, Course Work, Formats and Steps, Careful Selection of the Research Area, Recognition of the Project as well as the University

Strategy:

- (1) Choice of Topic and Area
- (2) Connect with the career and professional KRAs
- (3) Cross Functionality and Intra Disciplinary adoption approach
- (4) Well proved on time and cost factors

Action Plan: Connect with the Internal and External Stakeholders, Research in 'Gap' area, Sponsorship from the Industry, Creativity & Innovativeness

Strategy:

- (1) Further widening of scope
- (2) Excel in one rather than exploring many
- (3) Be completely 'Chatur' initially even though 'Rancho' is an ideal but rare dream coming true!

Action Plan: Consistent Versions and Add ons, Multifaceted Research Model for the covered Topic, Marketability Plan, Acceptability Feature

Report

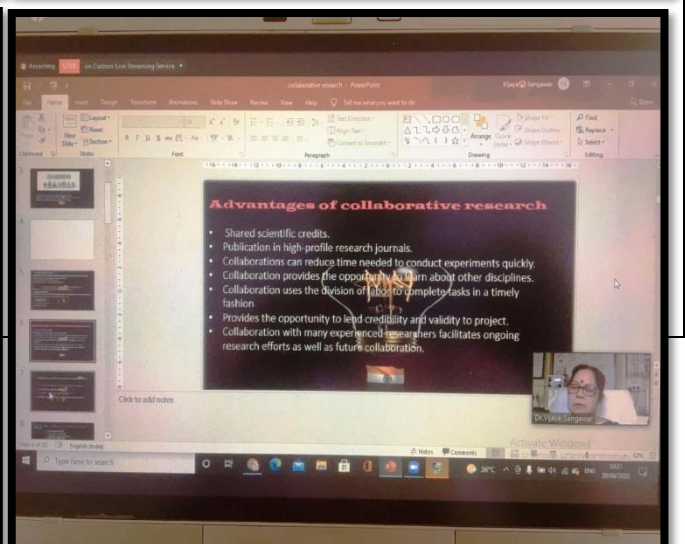

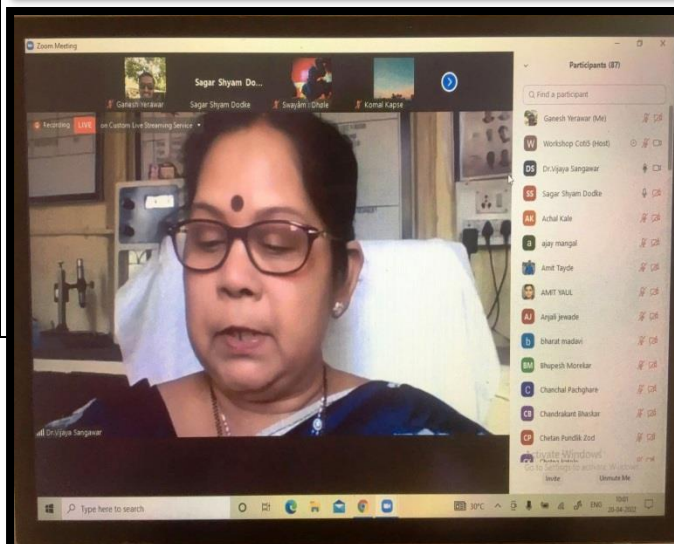

The one-day Virtual State-Level Workshop on "**Necessity of Collaborative Research for Patents**" was organized by IQAC Cell of Arvindbabu Deshmukh Mahavidyalaya, Bharsingi in Collaborations with Narayanrao Kale Smruti Model College, Karanja (Gh.) & Arts, Commerce and Science College, Arvi (under MoU of COTI) held on 20th April 2022. Time: 9:30 am & Onward.

The purpose of this workshop

Intellectual Property Rights (IPR) play a crucial role in gaining an advantageous position to promote the economic growth of any nation. To spread awareness among the researcher fraternity about the necessity of collaborative research in higher educational institutes and to share the information about patent filing to get patents in respective research areas. Hence this workshop was organized to sensitize the necessity of collaborative research for the patent to the faculty and students.

On this occasion eminent speakers Prof. Dr. V. S. Sangawar, Professor, Department of Physics Govt. V. I. S. H. Amravati (M. S.) (Session 1: Resource Person) delivered a presentation on **Collaborative IPR - Need, Advantages & Challenge** and Prof. Dr. L. H. Kamble Professor, School of Life Sciences S. R. T. M. University, Nanded (M. S.) (Session 2: Resource Person) delivered a lucid presentation on topic IPR - **Patent, Trademarks, Design & Copyright**. A total of 229 percipients (Students (128), Researches (6) and Faculty (95)) benefited from this workshop.

MANAV HUMAN ATLAS <manav@liserpune.ac.in> Thu, Sep 16, 2021 at 2:54 PM

Dear Faculty member,
Greetings from Team MANAV!

We thank you for connecting with Manav through your enrollment on our platform and participation in various outreach activities conducted by Team MANAV. Development of the MANAV annotation platform is close to completion and we are gearing up with the process of onboarding students and faculty for a contribution towards this National Initiative.

As a step further, towards your contribution in supporting the development of the MANAV platform, we are hosting 'MANAV Scientific Reading and Comprehension Self Assessment Module (for students)'. We will be glad if you can become a part of this activity by becoming the **Faculty Coordinator** of a batch of students in your college and facilitate the administration of this module to them.

Aim of this activity :

- To collect general information on scientific reading practices and challenges faced in comprehending scientific literature by Indian Students.
- To help students to self-evaluate their ability to comprehend scientific literature and identify areas that need improvement.

About the module :

MANAV Scientific Reading and Comprehension Self-Assessment Module is a 3-part Survey cum Self-Assessment exercise.

Part 1 (Non graded Exercise) - Will help get an overview of student's reading habits and the understanding of scientific literature.

Part 2 (Graded exercise) - Will evaluate a student's English proficiency pertaining to scientific text.

Part 3 (Graded exercise) - Will evaluate a student's ability to comprehend two research articles in a subject of his/her choice (Biochemistry, Microbiology, Pharmacy).

Please note that a student's OR college's performance does not in any way prevent you or your students from accessing the Manav platform later. Genuine responses from the students will contribute to making the MANAV Platform algorithms more intuitive and robust.

Who can participate?

Faculty members teaching Undergraduate/Postgraduate/M.Phil. or Ph.D. students can participate with their students. Faculty from the same college will have to ensure they do not take the same batch of students for the administration of the module.

Why should you participate?

Taking this module will help your students to train towards efficiently reading a scientific research paper and enhance their preparedness to contribute towards building the MANAV - The Human Atlas Project.

Certificate of participation :

All participants (faculty and students) will receive a Certificate of participation from the MANAV Human Atlas Initiative.

How to participate?

Report

MANAV Scientific Reading and Comprehension Self-Assessment module (for Students) conducted by Project -MANAV - The Human Atlas Initiative in Collaboration with IISER Pune and NCCS Pune was held on 28th September to 11th October till 11:00 PM (IST). The staff of department of Botany, Arvindbabu Deshmukh Mahavidyalaya, Bharsingi encouraged 10 students (B.Sc. Part III and B. Sc. Part II) to participate in this activity. For this activity Mr. Surendra R. Sinkar, Assistant professor, Department of Botany was teacher coordinator from our college. Under the guidance of teachers these students actively participated and successfully completed this activity within an allotted time frame.

Aim of this activity:

The students from our college participate, read and critically evaluate two scientific papers from peer-reviewed journals in the field of Microbiology/ Biochemistry / Pharmacy.

To become able to self-assess their skills in scientific comprehension of

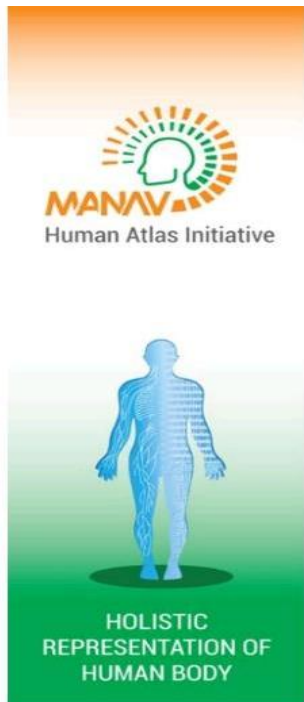

1. Research Design
2. Pictorial/Graphical Representation of Data
3. Statistical Analyses
4. Scientific text- Inference and Conclusion

Outcome:

This activity helped students take a step ahead towards honing their scientific temper, critical thinking skills and overall academic excellence. Certificate of appreciation presented to our college students and teacher coordinator for participating in the MANAV Scientific Reading and Comprehension Self-Assessment module (for Students) conducted by Project -MANAV - The Human Atlas Initiative in Collaboration with IISER Pune and NCCS Pune was held on 28th September to 11th October till 11:00 PM (IST).
