Certificate course in Welding fabrication (2019-2020)

VSPM Academy of Higher Education
Arvinbhabu Deshmukh Mahavidyalaya Bharsingi
Tah. Narkhed Dist. Nagpur
Session- 2019-20
Course Name- "Welding and Fabrication"

Report

As per the requirement of IQAC (NAAC) of Certificate Courses under Criterion-1. In Arvinbhabu Deshmukh Mahavidyalaya Bharsingi we started certificate course of "Welding and Fabrication" in this year from 15 January 2020.

The objective of this certificate course is to '**Develop skill and to become self-reliant and self-empowerment**'. Welding operations were basic and common to all departments in the workshop therefore we started this course in our college. In this year total **24** students were actively participated. We design syllabus for this course in our college and run from 1st week of February to 15th March (Duration-30 hrs). From B.A , B.Com. & B.Sc. students were interested and taken benefit of this course.

Welding is fabrication process that joins metals. This is often done by molten the materials and adding filler materials into it. Therefore safety is required so, we implements safety regulations and handling of instruments into students. We conducted Theory lectures as well as practical's. Students learnt all basic information about this course and also learnt different types of joints (i.e. Butt Joint, Lap Joint, Corner Joint, Tee Joint & Edge Joint). We got positive response from students.

Syllabus

Sr. No.	Topic	Syllabus	Period (Hour)
1	Apply Safe Working practice	1. Importance of trade training. 2. Machinery used in the trade. 3. Introduction to safety equipment and their use. 4. Hack sawing, filling square to dimensions. 5. Safety precautions in Shielding Metal Arc Welding, and Oxy-Acetylene Welding and Cutting	5
2	Join MS sheet by gas welding in different positions.	1. Setting up of Arc welding machine & accessories and striking an arc. 2. Setting of oxy-acetylene welding equipment, lighting and setting of flame.	4
3	Join MS plates by SMAW in different positions.	1. Fusion run without and with filler rod on MS sheet 2mm thick in flat position 2. Edge joint on MS sheet 2mm thick in flat position without filler rod. 3. Marking and straight line cutting of MS plate 10 mm thick by gas	6
4	Perform straight, bevel & circular cutting on MS plate by oxyacetylene	1. Straight line beads on MS plate 10 mm thick in flat positions. 2. Weaved bead on MS plate 10mm thick in flat position	15

	3. Square butt joint on MS sheet 2 mm thick in flat position. 4. Fillet "T" Joint on MS plate 10 mm thick in flat position. 5. Beveling of MS plates 10mm thick by gas cutting. 6. Open corner joint on MS 2 mm thick on flat position. 7. Filler Lap joint on MS sheet 2 mm thick in flat position. 8. Single "V" Butt joint on MS sheet. 12 mm thick in flat position 9. Square Butt joint on MS sheet 2mm thick in Horizontal position. 10. Straight line beads and multilayer practice on MS plate 10 mm thick in Horizontal position. 11. Different type of pipe welding

Course Name- "Welding and Fabrication"

Outcomes

- Students able to demonstrate safe workplace practice by identifying potential by:
 - Identifying personal protective gear for task
 - Practicing safe material handling by using rigging and hoisting equipment properly and safely
 - Performing safe and efficient confined space entries in the workplace.
- Students able to fabricate and assemble a given project according to specifications and specified tolerances using trade-related hand and power tools and equipment by:
 - Describing safety precautions when using trade-related hand and power tools and equipment's.
 - Selecting appropriate trade-related equipment for the job.
 - Safely operating trade-related equipment to complete specified welding process efficiently and correctly.
- Students should able to perform oxyacetylene welding and cutting operations following safe work practice by:
 - Practicing personal and shop safety
 - Performing set-up, adjustment of flame and gas pressure, and shut-down procedures for oxyacetylene welding and cutting equipment.
 - Operating gas welding and cutting equipment to produce part to specifications
 - Manipulating torch at proper angle according to the four basic joints in flat position
- Students should able to perform shielded metal arc welding on tee, lap, corner, and butt joints to trade specifications in the flat, horizontal, vertical and overhead positions.

Welding & Fabrication

Report

Aim: To develop skill and become self-reliant and self-empowerment

Objectives: To Develop:

- Technical Proficiency
- Interpersonal Skills
- Awareness of Societal impact
- Leadership Abilities

Number of Beneficiaries: 20

Brief Report:

As per the requirement of IQAC (NAAC) of Certificate Courses under Criterion-1. In Arvindbabu Deshmukh Mahavidyalaya Bharsingi we started certificate course of "Welding and Fabrication" in this year from 15 January 2020.

The aim of this certificate course is to '**Develop skill and to become self-reliant and self-empowerment**'. Welding operations were basic and common to all departments in the workshop therefore we started this course in our college. In this year total **20** students were actively participated. We design syllabus for this course in our college and run from 9th February to 12th March (Duration-30 hrs). From B.A., B.Com. & B.Sc. students were interested and taken benefit of this course.

Welding is fabrication process that joins metals. This is often done by molten the materials and adding filler materials into it. Therefore, safety is required so, we implement safety regulations and handling of instruments into students. We conducted Theory lectures as well as practical's. Students learnt all basic information about this course and also learnt different types of joints (i.e. Butt Joint,

Lap Joint, Corner Joint, Tee Joint & Edge Joint). We got positive response from students.

Outcomes:

- Demonstrate knowledge in welding and principles of fabrication.
- Apply knowledge, techniques and skills of industrial safety standards to both field and factory environments.
- Develop self-business in welding and fabrication.
- Understand professional, ethical and social responsibilities and their implications related to level and practice of welding and fabrication in global/social context.

An extracurricular activity is an activity, performed by students, that falls outside the realm of the normal curriculum of college or university education. Such activities are generally voluntary (as opposed to mandatory), social, philanthropic, and often involve others of the same age. Students and staff direct these activities under faculty sponsorship. Extracurricular activities help colleges get to know the students as a person: what do students care about? How committed are students? During academic session 2022-23. Numbers of extracurricular activities has been conducted under NSS, Departments of Arts, Commerce and Science by the college for students
